RE: REACH compliance statement

This document certifies that all products manufactured by Troy Innovative Instruments, Inc. do not, to the knowledge of Troy Innovative Instruments, Inc., contain substances that exceed the parameters of the REACH directive Regulation (EC) No 1907/2006 without exemption.

Troy is committed to continue the research required in order to maintain a REACH compliance program. We will review any in-house changes that may affect this directive with guidance from EC 1272-2008 for classification and labeling.

We have based our current statement on the following current list **Number of substances on the Candidate List: 161 (last updated: 17 December 2014).**

A handwritten signature in blue ink that reads "Ted Bouck" followed by the date "5.20.15".

Ted Bouck
VP & Quality Assurance Manager
Troy Innovative Instruments, Inc.
